NOTES

- A large offering of leather upholstery options available to suit your personal taste and décor
- Available in Kashmira fabric upholstery
- On handle-activated styles, lower the footrest by applying pressure to it in a downward motion. Lowering the footrest with the handle can damage the recliner.
- Safety locks prevent rocking & gliding furniture from rocking/gliding while reclining
- Swivel gliding recliner swivels a full 360 degrees and allows you to glide or recline from any swivel position
- Optional power styles include power controls that independently adjust the recline and/or headrest for a personalized sit, and include a USB charging port
- A separate home button is available on power headrest styles (H & L styles) and returns the headrest and footrest to their original positions with one touch
- Removable backs allow for easy lifting and maneuvering through doorways
